Circa is a catalyst for 21st century companies to build high-performing diverse teams based on research that shows companies want to shift from diversity as a program to diversity as a business strategy. Circa offers a robust portfolio of software solutions and unparalleled industry expertise to give their customers the tools and knowledge they need to radically change how they approach talent acquisition and management.

Circa helps employers navigate federal compliance obligations (OFCCP), build diverse teams, and access top talent to strengthen your business long term.

The company was founded in 1994, has 5,000+ customers, 15,500+ community partner relationships and in 2019 posted 5M+ jobs through its network of online employment websites.
